

Discover® Deliver: Send and Receive Money—Seamlessly

DISCOVER®
Global Network

What Is Discover® Deliver?

The Discover® push payments platform that allows Discover® Debit and Discover® Prepaid Cardholders in the U.S. to move funds seamlessly, safely and in near real-time.¹

Person-to-Person (P2P) Payments

How It Works

Discover® Deliver uses Account Funding Transactions (AFT) to pull funds from a sender's account and Account Credit Transactions (ACT) to push funds to a receiver.

AFT pulls funds from the sender's account

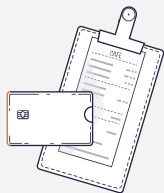

ACT is used to send funds to the receiver

Typical Uses

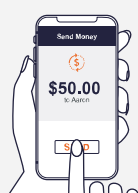

- Send money to friends and family
- Pay bills for services received
- Transfer funds between your Discover Card accounts
- Fund a card account

In the Real World

1

Jenny owes Aaron \$50 for dinner

2

She uses her preferred money transfer app² to send the payment from her Discover Debit Card to Aaron

3

Her payment is transferred to Aaron's card account and is accessible within 30 minutes

Funds Disbursements

How It Works

Discover® Deliver allows merchants, government agencies and corporations to use ACT to safely and easily send payments to card accounts—without the cost, lag time or hassles of paper checks or ACH.

ACT sends funds to an eligible Discover Debit or Prepaid Card

Payments are made directly to a cardholder's Discover Debit or Prepaid Card

Typical Uses

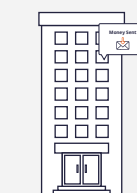

- Government payouts
- Airline vouchers
- Approved insurance claim disbursements
- Salaries and commissions
- Loan distributions

In the Real World

1

A ride-share driver, Emily, requests a same-day wage payout

2

The ride-share company pushes the payment to her Discover Prepaid Card

3

The payment is deposited into her account in minutes and instant confirmations are sent to both parties

¹ Funds are usually available within 30 minutes of a transfer.

² Discover® Deliver is not a payment app.

An Array of Benefits Across the Payments Value Chain

DISCOVER®
Global Network

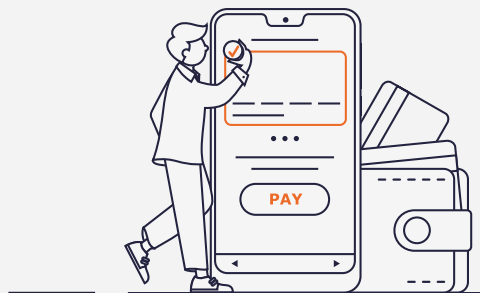

Expand—and Retain—Your Audience

- Tap into an entirely new customer base featuring millions of Discover® Cardholders in the U.S.
- Benefit from a possible increase in transaction volume

Meet Consumer Demand
